Rochester's 1000th Meeting Medal
Rochester Numismatic Association

one of the oldest numismatic associations in the United States, will celebrate its 1000th meeting on May 23.

The first meeting was held January 4, 1912 and with the passing of B. Max Mehl, the only living charter member is A.N.A. Past Pres.

George J. Bauer, L.M. 4.

To commemorate this numismatic event, a special dollar size medal will be struck in nickel-silver and bronze.

The obverse is shown here. Because this issue is primarily limited to the R.N.A. membership, only a few sets will be available to collectors outside the Rochester area. Orders with remittance should be placed promptly with Charles J. Ricard, Secretary, 52 Gregory St., Rochester 20, N.Y.

The price for the pair is \$4.25 in United States funds. Orders must be received by April 20th.

Mo-Ark Convention

The Missouri-Arkansas Convention is scheduled for May 31 and June 1 at Joplin, Mo., in the Connor Hotel. Information concerning the convention may be obtained from Huskel Trusty, president, Joplin Coin Club, 2117 Main St., Joplin, Mo.

The Western Pennsylvania Numismatic Society will act as co-host with the Pittsburgh Numismatic Society for the Penn-Ohio Convention, November 14-16.

New Minnesota Club

A coin club has been formed at Appleton, Minnesota with 38 charter members. Meetings will be held monthly in the Village Hall. Sandra Cliff Schram is secretary.

10th Anniversary Issue

The February issue of San Diego Numismatic Society "Bullfinch" was 10th anniversary issue of that publication.

Red Cross Auction

An auction for benefit of the Red Cross will be held at M.A. meeting of New Jersey Numismatic Society.

This document is indeed a treasure. It shows that there were 4,000 quarters minted at the Carson City Mint in 1873 without arrows, 12,400 dimes of 1873 for Carson City without arrows and 122,500 Carson City halves of 1873 without arrows. It is an easy thing to merely subtract these figures from the figures known all these years for the total coinage for the year 1873 and here is what we get:

	1873	1873	1873
Dimes	Without Arrows	With Arrows	Total
Quarters	12,400	18,791	31,191
Halves	4,000	12,462	16,462
	122,500	214,560	337,060

The figures arrived at above have been verified by other existing documents which give the actual totals by dates for the Carson City Mint for the remaining part of the year 1873 as indicated previously when mentioning the Test Coins. All figures quoted are correct and proven.

Another interesting item is the fact that five (5) dimes of the year 1873 from Carson City without arrows were sent to Philadelphia for Assay. Only one is known to exist today, and that came from the Philadelphia Mint—so it is easy to surmise its origin. No doubt those remaining at Carson City were remelted after April 1, 1873 as they could not legally be issued after that date, being lighter in weight than the Coinage Act of 1873 required.

Chewing Gum Being

Used as Change in Mexico

The Mexican one-centavo piece is the world's lowest value current coin (100 equal 8 cents). It is reported that they cost two cents each to mint—a figure that sounds somewhat exaggerated—but in any case they cannot be minted for 80-cents per 1000.

Mexico has turned out 132 million of them in the past seven years but they won't buy anything and super-markets make change with small sticks of chewing gum.

Club Wooden Nickel

For its forthcoming 100th meeting on May 28, the Rochester (N.Y.) Numismatic Association has issued a round wooden nickel. The obverse shows the state map locating Rochester; the reverse gives redemption date, club name and 1000th meeting.

Large Bourse for Cincinnati Convention

According to Sol Kaplan, general chairman, the Cincinnati Convention of the Central States Numismatic Society next month will feature a mammoth bourse as over 70 dealers have contracted for space.

In addition to numismatic material being available at the bourse tables, James Kelly will conduct a two session auction sale.

The convention is over the weekend of May 9-11 (in the Netherland-Hilton Hotel) which will afford many collectors residing within a short driving distance of Cincinnati the opportunity to visit the bourse and exhibits for a few hours if their employment or business prevents attending for the entire three days. Some of the finest collections in the Mid-west will be on exhibit. A copper engraved plaque will be awarded for "Best-in-Show" exhibit and medals for winners of various classifications. Judging will be on point basis.

An entertainment program for the ladies has been set up and includes a trip thru the Procter and Gamble plant on Friday and a luncheon and fashion show on Saturday.

Birthday Dinner

Camden County (N.J.) Coin Club's fourth Birthday dinner was enjoyed by 58 members and guests, on February 24th. The guest speaker was James Wobensmith, well known numismatist and patent attorney. His topic was "Silly Inventions," the description of which kept his listeners in a continuous round of

laughter. Guest exhibitor of the evening was Mrs. Leslie Hess, whose well rounded collection of valentines, dating from the early 1700's to early 1900's, was enjoyed by all, especially the ladies. The numismatic displays were by the monthly winners, for the annual award. Exhibitors were Saul Solomon, Ken Yeager, William Flick, Nathan Porter, and Harry Troth. Winner of the plaque for best show of the year was Ken Yeager, Henry Troth, second and Saul Solomon third.

—Harry G. Troth, Jr., Sec'y.

• The Sterling Rock Falls (Illinois) Coin Club on Sunday, June 15, 1958 is holding their 3rd Annual Arc Collection Jamboree.
